REMARK:

2007< = Means compatible with the cars after 2007

* = The factory alarm must be switched on or the car canbus system won't provide the necessary information

A = Install canbus firmware version A16030 for these cars with mark A(factory default: A16030)

B = Install canbus firmware version B16030 for these cars with mark B(factory default: A16030)

X = The signal will be provided by canbus system

N = Means these cars have no the REMOTE TURNK OPEN function

N = Means these cars won't provide the HOOD OPEN SIGNAL so analogy wiring will be necessary to protect the hood

O = The signal or funciton would be provided or not depending on the car is standard or extended version
